Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

Weather of Concern

A fall weather system will move across Northern California today spreading precipitation south and east to around the Interstate 80 corridor. Precipitation amounts of a quarter to half and inch will be possible in the Coast Range with much lighter amounts expected further inland. Snow levels will lower to around 7000 feet bringing some light accumulations to the peaks of the southern Cascade Range and far northern Sierra.

For Southern California, showers will end by late morning as the upper-level trough moves east. Building high pressure will help raise high temperatures gradually though next Monday. Highs will be around 5 to 10 degrees above normal by Sunday. There are no Flood Advisories, Watches, or Warnings in effect at this time.

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

An approaching storm system will bring cool and wet weather today. Light to moderate rain and gusty south winds will begin early this morning and persist through the day. A weak warming trend will develop late in the work week through the weekend.

Medford Weather:

Weather will be most active today as a cold front offshore and its associated cold upper level trough move inland. This will bring widespread precipitation including a slight chance of morning thunderstorms over the coastal waters to the immediate coast, cooler temperatures than on Tuesday with near record or record low maximum temperatures, and gusty southwest winds that will be strongest at the coast.

Reno Weather:

Low pressure moving inland across northern California will bring cool temperatures and breezy conditions. Light rain showers will spread across northeast California this afternoon and evening. Drier conditions with lighter winds and a warming trend are expected Thursday and into the weekend.

San Francisco Weather:

Cooler temperatures and rainfall remains on track to impact the San Francisco Bay Area later today. Further south, widespread measurable rainfall is not expected. Look for a warming trend later this week into the upcoming weekend.

WEATHER

WEATHER SYNOPSIS BY REGION:

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY:

Sacramento Weather:

An early season weather system will move through the area today bringing a chance for more widespread precipitation south to around I-80. Cooler temperatures will continue and then gradual warming is predicted to begin Thursday and continues into the weekend.

Hanford Weather:

With the exception of isolated light showers in Yosemite National Park and some drizzle along the north facing slopes of the Tehachapi Mountains this morning, dry weather can be expected today across the central California interior with cooler than normal afternoon temperatures. Thursday through next Wednesday will be dry. Temperatures will warm dramatically by Friday and average well above seasonal normals beginning this weekend.

SOUTHERN CALIFORNIA:

Los Angeles Weather:

Lingering moisture will keep some clouds across the area today, but any showers will end by the afternoon. A couple of upper level troughs will move through the western states and into the Great Basin later today through Thursday keeping temperatures below normal away from the coast. Developing high pressure aloft and weak offshore flow will bring significant warming Friday and Saturday then temperatures will be well above normal through Monday. Cooler weather is expected for Tuesday.

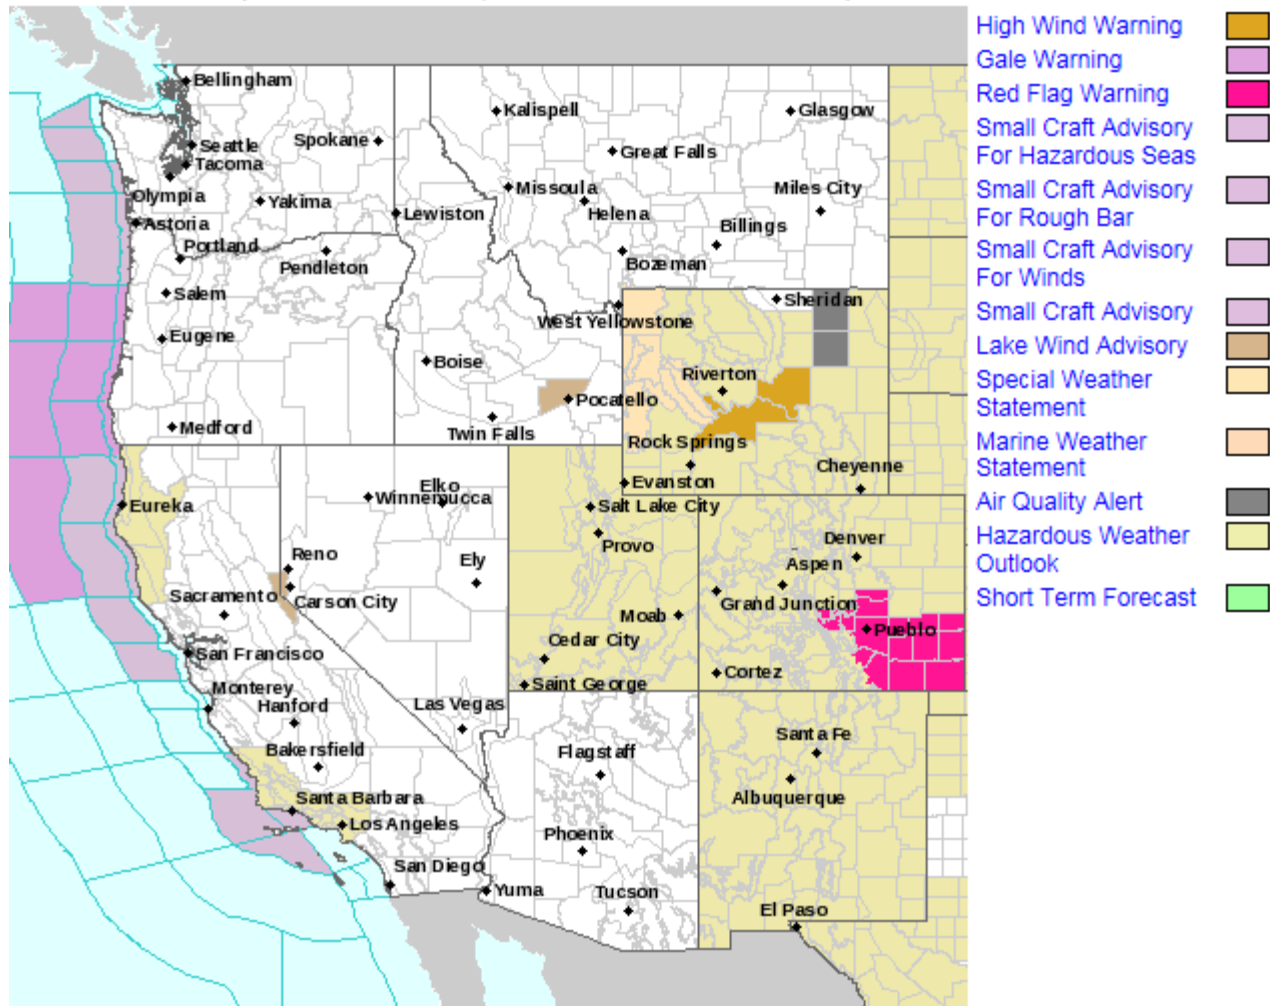

Extreme Southwestern California including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

Showers will end this morning and skies will begin to clear today. High pressure aloft will build the next few days bringing a fair and warming trend. Hot weather is expected Sunday and Monday. More clouds arrive Tuesday leading to a chance of afternoon thunderstorms in the mountains.

Southeast California Weather:

Progressively drier air will overspread the next several days as westerly flow becomes firmly entrenched across southeast California. After Wednesday midday, rainfall chances will be negligible heading into the weekend. Temperatures will remain a few degrees below normal the next several days before warming to near average levels by the weekend.

SITUATION SUMMARY

FIRES, NORTHERN OPERATIONS AREA

Butte, Vegetation Fire, Amador and Calaveras County

Infrastructure

- State Water Resources Control Board (SWRCB) Department of Drinking Water (DDW) Stockton District Office reports that State regulated public water systems in the counties of Amador and Calaveras, have impacts mainly related to power outages, water systems are now utilizing generators. There are no reports of damage at this time. The Calaveras County Local Primacy Agency (LPA) have several systems in the area that are under evacuation. Once evacuation orders are rescinded the LPA will assess the situation. SWRCB DDW staff continues to monitor the incident(s) within their areas of responsibility and report status.
- Per Cal EPA EF 10 Coordinator as of 1400, 09/11/15:
 - SWRCB Division of Drinking Water reached out to local engineers in Calaveras County and determined that the current water system issues were all power related. Portable power is being used to address the issues.
- Per CUEA at 0930 hours on 09/15/15, Butte Fire is affecting 4,500 customers. Impacting Calaveras and Amador Counties. 5500 assets to assess, with the potential of 500-600 poles and associated hardware that may need replacement.
 - No impact to PG&E Hydro Generation.
 - All five cell towers impacted presently on full portable generation.
 - East Bay Municipal Utilities District reporting no impact to their water system.
- Per Cal OES Public Safety Communications: The communications site Sierra Vista has burned over due to the Butte Fire. State agencies who are in that site are CALFIRE, Department of Transportation (DOT) and California Highway Patrol (CHP). A technician responded to the site to assess the damage.
 - Phone lines and power are down.
 - CALFIRE has a portable repeater being installed at the site. CALFIRE is operational.
 - CHP is using coverage of other sites. CHP is down because the repeater is phone line controlled.
 - DOT is operational.
- Per Cal OES Public Safety Communications: CAL-Fire TCU headquarters in San Andreas is currently being evacuated. PSC has a shop located within that facility. PSC technicians were evacuated out of the facility. A snowcat assigned to the facility was towed out and the test equipment was also removed by the technicians.
- Per the Cal OES Critical Infrastructure Protection (CIP) Division: There are seven CIP identified, state-level, critical infrastructure sites that meet the draft criteria and are within 10 miles of the fire – Amador County EOC, their Department of Public Health main office, Calaveras County EOC, their Department of Public Health main office, the origin of the Mokelumne Aqueduct, the Pardee Dam and Reservoir, and the Jackson Creek Spillway and Dam. The buildings are vulnerable to fire but the two dams and aqueduct are generally less vulnerable to fire. Other infrastructure noted in the 10 mile radius are multiple PSC communications towers, 5 hydro power plants (99, 14, 4.5, 1.4, .23MW), multiple associated substations, multiple transmission lines (230, 115, 80, 60kV, +), and two natural gas lines (12 and 10 inch).

Valley, Vegetation Fire, Lake and Napa County

Threat to Waterways, Water Sources, Natural Habitat/Species, State Parks and Historical or Tribal Lands/Assets

- Anderson Marsh Historic Ranch House was evacuated on 9/14/2015. Cultural Recourses will be collected and moved to a secure location.
- Per EF-8, a number of drinking water systems in Lake County were damaged or disrupted. The State Water Boards Division of Drinking Water is working with the county and has a representative in the Lake County EOC providing direct coordination. **Update 09/15/15** Per State Water Board, in general, power outages have caused the largest problem with drinking water systems and many are running on generators. CUEA is working with the Lake County EOC to restore power. A few systems have been damaged and some are still assessing the damage.

Per Cal OES Tribal:

- A Cal OES Tribal representative has reached out to possible affected tribes and is awaiting a response.

Access and Functional Needs

Per Cal OES Chief of the Office of Access and Functional Needs (OAFN):

- Chief of OAFN conducted site visits at various shelters and have identified gaps in accessibility. In coordination with the Red Cross, upgrades/improvements are being made including bringing in portable accessible showers, toilets, designation of additional handicap designated parking (and signage), ramps and clearing aisles to make general population areas easier to navigate.

Health and Medical

Per Red Cross:

- Red Cross Integrated Care Team (ICT) has deployed to the Calistoga shelter. ICT is comprised of Disaster Mental Health, Disaster Health Services, Bulk Distribution, water and client assessment. These teams typically go house to house in communities.
- Shelter wrap-around services and supplies are sufficient at this time. Red Cross is continuously monitoring and evaluating to ensure communication occurs early if support needed.

Per EMSA:

- Emergency Medical Services Authority (EMSA) continues to monitor the medical impact from the fires, and remains in constant communication with the Regional Disaster Medical Health Specialists (RDMHS), and Medical and Health Operational Area Coordinator (MHOAC), as well as the California Department of Public Health (CDPH). As of 09/14/2015, Ambulance Mutual-Aid has been provided to South Lake County from American Medical Response (AMR). Mutual-Aid ambulances are stationed at Whispering Pines and South Lake County Fire Station 62 (both providing support to rescuers).
- Local fire and emergency medical services resources are fully engaged. CAL FIRE requested and received approval for 2 private ambulances in support of operations through mutual aid.

Per CDPH:

- An Intermediate Care Facility/Developmentally Disabled (ICF-DD) in Kelseyville is [operating at normal capacity](#).

Adults in Community Transitions,
4795 Gaddy Lane
Kelseyville, CA 95451

- St. Helena Hospital is reporting five (5) patients with smoke inhalation injuries. More than 100 Hospital staff lives in Middletown or Hidden Valley communities and may not be able to staff the Hospital. St. Helena Hospital is helping to support displaced staff.
- Per CDPH: there are no CDPH licensed healthcare facilities in the Hidden Valley Lake area. The nearest facility is Clearlake.
- Cal OES IA reached out to the California Department of Health Care Services to assess if the need for mental health services is beyond the capacity of the local level to respond. The department is reaching out to the county local mental health to determine if the disaster mental health needs of the communities are beyond their ability to respond. It is anticipated that mental health needs will rise as re-entry begins.

SITUATION SUMMARY

FIRES, NORTHERN OPERATIONS AREA

Valley, Vegetation Fire, Lake and Napa County

Infrastructure

- Per the California Joint Incident Briefing (JIB) report (09/14/15 at 1400) Three (3) cooling towers at Calpine Geysers facilities have been damaged, however, no impacts reported to the grid. Incident Command Post (ICP) has been set up at the Lake County Fairgrounds. A Damage Inspection Team has started the survey of damaged and destroyed buildings. A threat exists for critical infrastructure of radio towers, state Intercom radio system and numerous law enforcement vaults and towers. **Update per CUEA 09/15/15 0842, There are no impacts from the Geyser Geothermal Plant's damage overall energy reliability. PG&E has deployed 400+ employees in the area setting poles and strand. They may also call up additional crews from out of the area to help re-establish power**
- Per California Utilities Emergency Association (CUEA) (09/15/15 at 1026):
 - PG&E reported 7,200 customers affected and impacting Lake, Mendocino, Sonoma and Napa counties.
 - PG&E has opened their corporate EOC, along with local EOC's in Central Valley and Northern Region to support fire response.
 - PG&E presently does not have a number of assets impacted, but anticipates 70-80% of all assets in Middletown are damaged.
 - AT&T has deployed a Satellite Cell on Light Truck (Sat COLT) to Middletown which has restored wireless service. In addition, AT&T is working to get a microwave feed to the AT&T site in Cobb Mountain and also working to clear the roads for CAL FIRE and PG&E.
- Per Public Safety Communications (PSC) (09/14/15 at 0851), Cobb Mountain which is a multi-agency radio facility was burned over and is still operational. PSC is working with CAL FIRE to get access to the site to conduct a site assessment. **Update 09/15/15 per PSC: AT&T Central Offices in Cobb Mountain and Middletown remain on generators due to loss of commercial power. Cobb Mountain remains isolated, but is online working off generator power. The generator has been refueled with a maximum duration of 3 days**
- Per PSC (09/14/15 at 0851), Seigler Mountain is currently in the path of the fire. CAL FIRE crews are onsite for protection.
- Per the State Water Resources Control Board, the Callayomi County Water District's (serving Middletown) office and treatment plant were on fire the evening of 09/12/15. **Update 09/15/15 Per CalEPA, the administrative office has burned, however, the treatment plant is functional and functioning on backup generators. In addition, the Valley Fire Water Systems are currently performing damage assessments**
- The Cobb Area County Water District has one source out of five operational. Staff is waiting for clearance to assess the damage. The service area is currently evacuated.
- Ten (10) PG&E geothermal power plants ranging in capacity from 22MW-120MW are within one mile of the current burn area, as well as their associated substations and transmission lines.
- Five (5) Public Safety Communications (PSC) tower sites within one mile of the current burn area.
- Per PSC (09/14/15 at 0851) AT&T has found path to place fiber and copper cable, however due to safety concern through the evening they will return at 8:00AM PST and resume work with fiber and copper cables. **Update 09/15/15 per PSC: Construction is onsite working with engineers to reroute service until the 5 mile section of cable can be repaired. They are also beginning to re-look at a microwave salutation at Cobb Mtn. There is no estimated return of service at this time. They are looking at the replacement of 5 miles each of fiber and copper cables.**
- Three (3) cell towers are offline due to the power situation, no access to them presently. Limited impact to cell service at this time.
